

08 January 2026

To: Mr António Guterres  
Secretary-General, United Nations  
New York, NY 10017 USA

**Subject: Communication on Engagement**

Dear Mr. Secretary General,

We are pleased to confirm that Community Systems Foundation, a nonprofit research and education organization based in the USA, remains committed to the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact in advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

Thank you in advance for your support.

Community Systems Foundation pledges to continue to participate in and engage with the UN Global Compact in the following ways:

- Propose Partnership Projects on Corporate Sustainability
- Support special initiatives, including: climate change, water, human rights, transparency and anti-corruption, responsible investment, zones of conflict, and management education.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication of Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE Policy.

Community Systems Foundation holds special consultative status with the UN Economic and Social Commission. In this position, we participate regularly in UN fora and have submitted statements to the Commission.

Our work aligns with global and national commitments to the achievement of Sustainable Development Goals and the Agenda 2030. To this end, we work closely with UN specialized agencies to support and strengthen response and with government counterparts across a range of sectors to support data-driven initiatives.

Community Systems Foundation encourages all partners to engage in the UN Global Compact as members. We submit for record a summary of actions taken from 2020-2024, relevant to the UN Global Compact.

Best regards,

Jon F. Kapp  
President
